

**67th Annual Meeting of the Society
for Medicinal Plant and Natural
Product Research (GA)**
in cooperation with the French Society of
Pharmacognosy AFERP

**Innsbruck, Austria
September 1-5, 2019**

www.ga2019.at

DEAR FRIENDS AND COLLEAGUES,

On behalf of the Society for Medicinal Plant and Natural Product Research (GA), it is our great pleasure and honour to invite you to the 67th Annual Conference which will take place in Innsbruck, Austria, from 1st to 5th September, 2019.

The scientific program will cover a large variety of topics in natural product research. Leading researchers from academia and industry will present their recent achievements and discuss the most exciting developments.

The scientific programme of the Main Conference includes plenary lectures by invited speakers, award lectures, and contributed short lectures and posters. Short lectures will be held in three parallel sessions, and three poster sessions will provide a perfect forum for networking and lively scientific discussions. The meeting will be also an excellent platform for exhibitors to present their latest products and services. Innsbruck, the capital of the Tyrol, is located in

the Alpine region of Austria, in the valley of the river Inn. It is surrounded by mountain ranges and numerous peaks which reach an altitude of approx. 2,700 metres above sea level. The city has 121,000 inhabitants and hosts one of the oldest universities in Europe, founded in the year 1669. Today, approximately 30,000 students attend the university in Innsbruck which will celebrate its 350-year anniversary in 2019. Congress Innsbruck as our venue offers a perfect setting for an international conference. It is located at the city center, next to the river Inn and within easy walking distance to most hotels. There is no need to say that Innsbruck is readily accessible by air, railroad and car.

We look forward to seeing you in Innsbruck! On behalf of the Organizing Committee

Hermann Stuppner
